

Perf Rep Disclosures

The APM "Perf Rep" comes with a set of standard "boilerplate" disclosures that we've developed over the years. *But that doesn't mean that they are appropriate for your fund.*

Note that there are a number of rules, regulations, and interpretations that address the proper disclosure of performance information to current and prospective investors. *Accordingly, if Perf Reps are to be used for marketing or investor communications, you must contact your attorney to determine if a Perf Rep is appropriate for your fund and to review and draft desired changes to the boilerplate disclosures and notes.* All fund sales materials should be reviewed by qualified persons to assess compliance with the anti-fraud provisions of the Investment Advisers Act of 1940 plus any state or other rules that may apply.

If you have changes to the boilerplate disclosures, please make them in the table below and return to APM. Please note that, due to software limitations, the length of content in any one content cell is 511 characters, including spaces. To count the characters, highlight a content cell and use Tools/Word Count. If you have a disclosure longer than 511 characters, it will need to be divided into two cells.
